NEW YORK 18 TOMPKINS

New York State Electric and  
Gas Corporation,  
Ithaca, New York

Allotment of \$250,000, to build approximately 245 miles of lines. These lines will make service available to more than 1,400 potential customers, who have no other means of obtaining electric service, and who are scattered in 33 counties in the State of New York. The project consists of very short extensions to the company's present lines, varying in length from about 1/4 mile to 3 or 4 miles. As security for the loan and subject to approval of the company's plan and its security by the Public Service Commission of New York State, the company agrees to post its first mortgage bonds, selling currently at about 90, in such amount that their market value will be 110 per cent of the loan at any time outstanding. The borrowing corporation is a subsidiary of the Associated Gas and Electric Company. The allotment, however, like all previous allotments to private utilities, is to the utility operating company, and all transactions, including those relating to service, collateral and repayment, will be with that company.
